TURNING SCRAP INTO SUSTAINABILITY FOR QATAR'S FUTURE.

# ABOUT US

Scrap Qatar Powered by AL Ajmii is a leading scrap trading company based in the State of Qatar. We specialize in buying all types of scrap material, with a core focus on metal scrap. From individuals to large industrial clients, we provide tailored solutions for the collection, evaluation, and purchase of scrap in a manner that is efficient, transparent, and environmentally responsible.

We are proud to contribute to Qatar's growth by promoting a cleaner, more sustainable future in line with Qatar National Vision 2030.

# Scrap Metal

# OUR VISION

To be the most trusted and eco-conscious scrap trading company in Qatar, playing a vital role in the country's transition to a sustainable and diversified economy, as envisioned in Qatar Vision 2030.

# OUR MISSION

To provide efficient, ethical, and environmentally friendly scrap collection and recycling services that contribute to:

- Waste reduction
- Natural resource conservation
- Industrial recycling
- Local economic growth

We aim to support Qatar's environmental development pillar by minimizing landfill waste, reducing carbon footprints, and promoting circular economy practices across industries.
